

## Powers And Signs Of Lying Wonders

### Fairytale Abuse

A glance at coronation in cover by the blood  
Mist engulf the night as indication of our doom  
An audacious move from the serpent of our doom  
Behold for what you see, it will never see the day

Even the chosen ones shall perish in their graves  
As the two-faced prophets make the human race believe  
By words and sway they make the people slaves  
Of the under-god that leads the big deceive

A dance with temptations, a fight with your conviction  
The eerie thoughts in your mind can find no sleep  
As you read the signs, for you had no benediction  
You tamper with the malice that lies in your deep

The under-god  
Powers and signs  
The under-god  
Thou shall reign  
To see the batteries of war  
To hear the scattering screams afar  
To smell the stench flesh apart  
To drink the blood of a dying heart

"For there shall arise false christ, and false prophets  
And shall show great signs and wonders  
Insomuch that, if it were possible  
They shall deceive the every effect"
