

## Vivid The Blood Ill-natured

### Fairytale Abuse

"Stand by my side and watch the impiety of all  
Fear not, for those who turn, blind they are  
Sickening to watch, the way they hide  
Sickening to see the way they die"

Vivid the blood ill-natured  
Vivid the dark damnation

"Now... now come with me for the last time  
To end the day of human sin"  
"Yes lord - lead my way to  
The shores of bereavement  
The cursed must die"

This night became a feast so forceful  
Slain one by one by angels of a greater power  
A theatre of Bizarre abnormalities  
Bleeding plains of dismay and sorrow

His cape was made of humans, a skin draped leather cloth  
At staggering pace he drew his knife he murdered half a flock

"Fight by my side and slay them one by one  
Feel not, for those who turn, false they are  
Sickening to watch, the way they hide  
Sickening to see the way they cry"

"Call your god!"
