

# Ain't Nobody

Faith Evans

Ain't nobody who can love me like you  
Ain't no reason that I'll ever be untrue  
There's no need for me to try  
I can't find a reason why  
Ain't nobody who can really love me like you do

I was always the one who needed some affection  
And you open your heart to me  
Now I'm falling in love  
And I can't get enough of your love  
There ain't no

Ain't nobody who can love me like you  
Ain't no reason that I'll ever be untrue  
There's no need for me to try  
I can't find a reason why  
Ain't nobody who can really love me like you do

Since you been in my life, now I have direction  
And I know where I want to be  
Boy you know it's with you  
Cause I love what you do when your making sweet love to me

I thought that I (thought I was wrong) was wrong  
For wanting to (For wanting to be with you all the time) all the time  
I never you knew ( I never knew that you would play  
games with my mind) my mind

Ain't nobody who can love me like you  
Ain't no reason that I'll ever be untrue  
There's no need for me to try  
I can't find a reason why  
Ain't nobody who can really love me like you do

When you hold me in your arms  
I get this feeling  
Fill me with your love  
Can't nobody love me like you boy  
Cause you give me your good love  
Ain't nobody that can love me like you do
