

# It Was Worth It

Faith Evans

All these memories of you  
And all the things we used to do  
There were no words that could ever explain  
And there is no way I could ever replace you  
When you walked into my life  
It was only the beginnin'  
Of something real and so perfect  
Now lookin' back, it was worth it

Thinkin' back on all the times (all the times)  
That we used to fuss and fight (ohh)  
Maybe we would get it right  
But there was no time to apologize

And I miss havin' you around (havin' you around)  
I keep on picturin' your smile  
There were no words that could ever explain  
And there was no way I could ever replace you

Thinkin' back on all the times (I keep thinkin' about the all the times)  
That we used to fuss and fight (that we used to fuss and fight)  
Maybe we would get it right (maybe we can get it right)  
But there was no time to apologize

No time for I'm sorry  
No time for I'm sorry  
Baby, it's too late  
It was destiny with you
