If You're Gonna Fly Away

Faith Hill

If you're gonna fly away
don't fly without me
don't go no where
I need you, babe

Has the sun gone down on you?
Have you given up on truth?
I wish I could say all the right things
To make your pain go away

I wish you knew
How beautiful you are in every way
When the world is falling down
Just kneel with me and pray

[Chorus]
If your gonna fly away
Don't fly without me
Don't go nowhere
I need you, Babe
If you gonna leave this place
Take me with you
I could never live without you

So you'll take a thousand pills
Hoping to be numb
Lie awake in bed
Counting all that's wrong

No one understands
No one ever will
Trust me when I tell you
I know just how you feel

You had all these dreams
But you're in a small town
Oh, they kill them for you
You had nothing else to do
But use and use and use and use

[Chorus]

Just sing a song for me, baby
It's not as bad as it seems, no no no
What matters today
Won't matter tomorrow
Count all your blessing,
Settle all your sorrow

[Chorus]

If you gonna leave this place
Take me with you
I could never live without you
Oooo, I need ya
