Let's Go to Vegas

Hey baby, let's go to Vegas Kiss the single life good-bye Hey baby, let's go to Vegas Bet on love and let it ride

Lyin' on the bank of the river Stars are dancin', Lord it's hot Holdin' you is what I live for I just had a crazy thought

Hey baby, let's go to Vegas Kiss the single life good-bye Hey baby, let's go to Vegas Bet on love and let it ride

We'll find a little wedding chapel A pair of rings and a preacher too Underneath the neon steeple We'll take a gamble and say "I do"

Hey baby, let's go to Vegas Kiss the single life good-bye Hey baby, let's go to Vegas Bet on love and let it ride

Viva Las Vegas, sparklin' lights Dangerous livin', tumblin' dice You're my ace in the hole now honey And I'm your lady luck Pack a few things and a little money And put 'em in the truck

Hey baby, let's go to Vegas Kiss the single life good-bye Hey baby, let's go to Vegas Bet on love and let it ride
