## **Hippie Jam Song**

## **Faith No More**

To feel the heat of the summertime I'm gonna find me a summer job To feel the heat of the summertime I gotta find me a summer job

I'm in good hands, won't you change my bag I need some help, won't you change my bag

Hellelujah and let's eat Put some clothes on, wash those feet Hellelujah and let's eat Put some clothes on, put some clothes on

That's about as funny as a bake sale That's about as deep as your pocket change That's about as sour as a motorcade That's about as thick as the hair on your back

That's about as easy as a communist That's about as bony as your bony as your butt cheek That's about as witty as a hot link

Hellelujah and let's eat Put some clothes on, wash those feet Hellelujah and let's eat Put some clothes on, put some clothes on

Open this valve and change my bag I need some help, won't you change my bag I'm in good hands, won't you change my bag You sweet young thing, won't you change my bag

Open this valve and change this bag It's nice and warm, won't you change my bag I'm in good hands, won't you change my bag You gotta change my bag, you gotta change my bag

It's getting cold, won't you change my bag
