

Separation Anxiety

Faith No More

Separate the anxiety hey
Separate the anxiety hey hey hey
Separate the anxiety hey
You know its mine

Hey, love, come back
Like it was before
Hearts creaking
The hinges on the door
Thoughts creeping

Separating anxiety hey
Separating anxiety hey
Separate the anxiety hey
You know it's mine

It's like when your mind
Has a mind of it's own
Please take mine
Don't leave me alone
Capture me

Separation Anxiety, hey
You know it's mine

I can't let you go
Cos you're a part of me
Not apart from me

Yes, a better sign from me
Well its good enough for me
How can I separate from this anxiety?

Come home and make our truce
Violence is what we learned
Listen in reverence
Why can't you look past this
You only make us truce
Violence is what we learned
How can I separate from this anxiety?

Separation anxiety

Closing my eyes
Separation anxiety
