Separation Anxiety

Faith No More

Separate the anxiety hey Separate the anxiety hey hey hey Separate the anxiety hey You know its mine

Hey, love, come back Like it was before Hearts creaking The hinges on the door Thoughts creeping

Separating anxiety hey Separating anxiety hey Separate the anxiety hey You know it's mine

It's like when your mind Has a mind of it's own Please take mine Don't leave me alone Capture me

Separation Anxiety, hey You know it's mine

I can't let you go Cos you're a part of me Not apart from me

Yes, a better sign from me Well its good enough for me How can I separate from this anxiety?

Come home and make our truce Violence is what we learned Listen in reverence Why can't you look past this You only make us truce Violence is what we learned How can I separate from this anxiety?

Separation anxiety

Closing my eyes Separation anxiety
