Somebody tell me why oh why nothin ever get done.
Plumber to politician, put him hand in mi wallet and gone.
An wan' fi know why we want a rebellion.
Turn your media on an watch the greedy ah run.

Like mi woman need the competition,
To spend it off like we no inna recession.
Mi woulda get the impression,
Ah only poor people mek the economy run.

Somebody tell me if mi wrong.
Worldwide poor people under sufferation.
Wilfully denied proper education.
We pass through dole queue into incarceration,

While captains of industry take a vacation,
With my tax money backin they corporation!
We got to

Chase them crazy
Chase them crazy bal'heads
Chase them crazy
Chase them crazy bal'heads
Chase them crazy bal'heads out of town!

Til there is justice, there can be no peace,
In times of roughness, we will storm the streets,
Through all this toughness, witness the swarm increase
We don't die, we multiply, we are one everything

Here to overthrow the table of the moneychangers
We own the throne so hand it over to the grubby angels
The streets are ours but we ain't taken this town yet
We built it up but we ain't torn it down yet

We got to
We got to

Chase them crazy
Chase them crazy bal'heads
Chase them crazy
Chase them crazy bal'heads
Chase them crazy bal'heads out of town!

Chase them crazy

Chase them crazy bal'heads
Chase them crazy
Chase them crazy bal'heads
Chase them crazy bal'heads out of town!
