

# Music Matters

Faithless

For all those who stood up and were counted  
For all those for whom money was no motive  
For all those for whom music was a message  
I want to thank you

For making me  
A little more sure  
A little more wise  
And courageous

You told me to look much further  
You told me to walk much more  
You told me that music matters  
And to chase the dogs back from my door

I won't stop here  
I won't be still until the sun sets  
On us all

Under the sheets with my radio  
Turn down low  
So nobody know  
It's the late night show  
Hopin' to hear Hey Joe  
Jimmy was my hero  
Head blown by Type are or was it the true star?  
From Dali Lama to Tanamo  
Curtis Mayfield  
Say Kurtis Blow  
Singing into my pillow  
And praying I don't dose  
Until my 9 Volt battery goes

You told me to look much further  
You told me to walk much more  
You told me that music matters  
And to chase the dogs back from my door

I won't stop here  
I won't be still until the sun sets  
On us all

You told me to look much further  
You told me to walk much more  
You told me that music matters  
And to chase the dogs back from my door

I won't stop here  
I won't be still until the sun sets  
On us all

You told me that music matters  
You told me that music matters  
You told me that music matters  
You told me that music matters
