

What About Love

Faithless

Come on
Come on
Come on

I know you so intimately
Anger and misery
The reason for my heart's fragility
How will it be if you simply set me free
Restore my ability, to hold my head high
To speak only truth where I used to lie
Goodbye to the enemy, it's been too long
Come on

What about love?
What about love?
What about love?
What about love?
What about love?

Come on

I know you so intimately
Your heady sensuality
The reason for my heart's fragility
How will it be if you simply come back to me
Restore my stability
Take your fill of me
Finally in step like the military
And just as strong, it's been so long
Come on

What about love?
What about love?
What about love?
What about love?
What about love?
