

## What About Love

Faithless

Come on  
Come on  
Come on

I know you so intimately  
Anger and misery  
The reason for my heart's fragility  
How will it be if you simply set me free  
Restore my ability, to hold my head high  
To speak only truth where I used to lie  
Goodbye to the enemy, it's been too long  
Come on

What about love?  
What about love?  
What about love?  
What about love?  
What about love?

Come on

I know you so intimately  
Your heady sensuality  
The reason for my heart's fragility  
How will it be if you simply come back to me  
Restore my stability  
Take your fill of me  
Finally in step like the military  
And just as strong, it's been so long  
Come on

What about love?  
What about love?  
What about love?  
What about love?  
What about love?
