

## Tower Of The Queen

Falconer

From a dark horizon  
A harlot once came,  
Searching for the right path  
To bring her to fame.  
Ignorance and falsity:  
A perfect symbiosis, for a royalty

Hold on  
To your throne of glass.  
Let not  
Oblivion veil your name.  
Stand strong  
Against the days that pass.  
Fight time  
Your empty shell is the  
Pillars of your fame.

In the tower of the queen  
The joker loses his stage  
As she wields the banner  
Of vanity for the wage.

Beware  
Doubles fill the court.  
Who's who  
In this hollow masquerade.  
Take heed  
Your reign might be short.  
But wait  
The crown on your head could be saved  
By blood on the blade.
