Fall City Fall

How naive it would be to think that we could just walk away and leave

Well Im not going anywhere 'till i watch you fucking bleed.  
I've heard people say they believe the devil could be saved,  
Even if that was true i don't think it would be in your case.

Because your lips taste of poison,  
Your smile is so corrosive  
and I'm shock, I'm appalled I was the only one who noticed.  
Stay focused, stay focused  
So much bigger than you and I  
This is a matter of path that we strive.

And if you try, you decide to get in our way  
Well I should not be held responsible  
for the decision that you've made.  
Suffer I may, the consequences  
Oh yes, I will sleep easy, sleep restless  
When you're six deep and not fucking breathing.

and I know that you know that this song is about you  
'Cause when you hear it, it sends chills all around you  
and I'm sorry for using such harsh fucking words  
But after all, it's not even close to what you deserve

I'm not afraid of my own inner demons  
They kept me company when no one else would.  
I've got reason to believe they're just misunderstood.

If I could take it all back  
If I could re-write the book  
Well I don't know if I could  
For i'm a coward, a crook  
Death stains the walls in the air  
I feel the presence is near  
Deep in the pits of my stomach  
It's the worst that I've feared

I'm on my knees and I'm pleading  
but the answer's not there.  
So I am forced to march onward  
With these burdens i bear.  
I am sorry for the hell that I have put you through  
I don't deserve to gain forgiveness for the things that you were forced to lose.
