

Get Me Out

Falling in Reverse

School's end, another year
And I just want to disappear again... Again!
I hate the world, I just can't win
And sometimes I just wish it would all end... All end!
I walk around with headphones in
A hoodie on, I'm trying to blend in
(Between the other useless kids)
That's how I've always been!

And I know one day I'll be
The king of the music scene

So what do you do when everyone fails you?
Am I just a stupid boy with nothing left to lose?
I'm so sick and tired, no desire to stay in this town
So I believe my hopes and dreams will get me out!

Well, I'm the stereotype of a fucked up kid
And there's nothing really nice about the way I live
Got no money in my pocket, but I'm handsome and cocky
Start a band with my posy, leave the scene - I'm like Rocky!
I'm a late winner, take yo sister to dinner
And I may kiss her but I won't even miss her
I'm a bad boy, big dreams, headin' to the top
And I'mma sing my little heart out till all the music stops

So what do you do when everyone fails you?
Am I just a stupid boy with nothing left to lose?
I'm so sick and tired, no desire to stay in this town
So I believe my hopes and dreams will get me out!

And I know one day I'll be
The king of the music scene

So what do you do when everyone fails you?
Am I just a stupid boy with nothing left to lose?
I'm so sick and tired, no desire to stay in this town
So I believe my hopes and dreams will get me out!
