

# Just Like You

## Falling in Reverse

I'm aware that I am an asshole  
I really don't care about all of that though  
I got nothing to prove  
But honestly I'm just like you

I've got a bad case of ADD  
I've been this way since 17  
I got a fucked up brain  
And a really bad attitude  
I blame it on my drug abuse

So you don't want to be  
Too close to me  
Cause you might see my broken heart

I'm aware that I am an asshole  
I really don't care about all of that though  
I'm living my life  
The way that I want to  
And you can't deny  
That honestly I'm just like you  
Just like you  
Just like you

I've been so lonely for the longest time  
They tell me that I'm such a loveable guy (yeah right)  
Or could it be something I just said?

You don't want to be  
Too close to me  
Cause you might see my broken heart

I'm aware that I am an asshole  
I really don't care about all of that though  
I'm living my life  
The way that I want to  
And you can't deny  
That honestly I'm just like you  
Just like you

And I'm always stuck with some bad luck  
And I'm just a boy who who's angry at his mom  
And Hope in fact she breaks her back  
The moment I step on this crack

And don't tell me I'm not worth it  
Cuz you are far from perfect

I'm aware that I you are all assholes  
Who the hell cares?  
About all of that though

I'm aware that I am an asshole  
I really don't care about all of that though  
I'm living my life  
The way that I want to  
And you can't deny

That honestly I'm just like you
