

Loser

Falling in Reverse

Run, my dear, as fast as you can
You killed me here, the blood's on your hands
Oh, I don't really think that you will ever understand
The person that I was, the person that I am, I'm different now
You're distant how, will we ever work this out?

You're always getting me high then you're pulling me low
Then you beg me to stay, but you want me to go
You're always telling me "yes" but your answer is "no"
If you want me to guess, I'm just a stranger you know
If you call this winning why do I feel like a loser?
(Yeah yeah) I'm just a loser
(Yeah yeah) Guess I am a loser
If you call this winning, why do I feel like a loser?

Run, my love, I'm back from the dead
Let it go, it's all in your head
Oh, I could not believe that you will never let it be and
Nobody knows all the trouble you've seen
I get it sweetheart we're always "low low low"
You're always pushing me away, but then you're pulling me close so
Let's make a toast to all the years we've wasted
Hold your glasses high for all the tears we've tasted
I'm different now, you're distant how, will we ever work this out?

You're always getting me high then you're pulling me low
Then you beg me to stay, but you want me to go
You're always telling me "yes" but your answer is "no"
If you want me to guess, I'm just a stranger you know
If you call this winning why do I feel like a loser?
(Yeah yeah) I'm just a loser
(Yeah yeah) Guess I am a loser
If you call this winning, why do I feel like a loser?

(Yeah yeah) Look what you've become
(Yeah yeah) All the damage done
(Yeah yeah) I guess I've won
(Yeah yeah) Look what you've become
(Yeah yeah) All the damage done
(Yeah Yeah) You're a fucking loser!

(Yeah yeah) Look what you've become
(Yeah yeah) All the damage done

You're always getting me high then you're pulling me low
Then you beg me to stay, but you want me to go
You're always telling me "yes" but your answer is "no"
If you want me to guess, I'm just a stranger you know
If you call this winning why do I feel like a loser?
(Yeah yeah) I'm just a loser
(Yeah yeah) Guess I am loser
If you call this winning, why do I feel like a loser?
Oh, if you call this winning, why do I feel like a loser
