## Falling in Reverse

Just let me go, I'm on my own, a rolling stone and I'm in the zone  
Don't let me fall, just let me know when we'll make it through

I got that shit that you can't bump in your car  
Steady lurkin' on my enemies to settle the score  
I am never backin' down until the day that I die  
And I don't give a fuck about no hater on my life

I am the best as what I do and I will always prevail  
And overcome all obstacles while walkin' through hell  
And if you gotta problem now's the time to speak up  
Because I'm blowing up I'm never gonna stop

Just let me go, I'm on my own, a rolling stone and I'm in the zone  
Don't let me fall just let me know when we'll make it through  
No matter what the price may be, for clarity I'll make it home  
Just let me go, I'm on my own, a rolling stone

I spit the fire and I'm killin' the track  
Ambitious from how many knives are stabbed in my back  
And if you think you know me then you're probably wrong  
I spill my heart and soul so lock and load and keep bringin' it on

I got an anger that runs deep in my blood  
And I'm always stayin' true reppin the city I'm from  
And if you gotta problem now's the time to speak up  
Cause I'm blowing up, I'm never gonna stop

Just let me go, I'm on my own, a rolling stone and I'm in the zone  
Don't let me fall, just let me know when we'll make it through  
No matter what the price may be, for clarity I'll make it home  
Just let me go, I'm on my own, a rolling stone

Don't get it twisted, ballistic, characteristics when I rip shit intricate  
Visions of infinite wisdom empirical spiritual lyrical very cool synonyms  
In layman's terms I am the best you must agree  
I got that white boy swagger rappin' right down to a T  
I got my hand up on the throttle holdin' up a broken bottle  
Ready to cut you up and gut you like a fucking avocado  
Desperado on the track in fact if I am gone tomorrow  
Then my motto is no sorrow no apologies just karma  
Don't get it twisted and delete me off your friends list  
Stayin' busy tweeting hatred at me all up in my business  
I'm getting kicks outta this shit like it was my sneakers  
And the game fears me like a motherfucking wifebeater

Just let me go, on my own again, a rolling stone, I'm in the zone, yeah

Just let me go, I'm on my own, a rolling stone and I'm in the zone  
Don't let me fall, just let me know when we'll make it through  
No matter what the price may be, for clarity I'll make it home  
Just let me go, I'm on my own, a rolling stone

Just let me go, I'm on my own, a rolling stone and I'm in the zone  
Don't let me fall, just let me know when we'll make it through  
No matter what the price may be, for clarity I'll make it home  
Just let me go, I'm on my own, a rolling stone
