Rolling Stone

Falling in Reverse

Just let me go, I'm on my own, a rolling stone and I'm in the zone Don't let me fall, just let me know when we'll make it through

I got that shit that you can't bump in your car Steady lurkin' on my enemies to settle the score I am never backin' down until the day that I die And I don't give a fuck about no hater on my life

I am the best as what I do and I will always prevail And overcome all obstacles while walkin' through hell And if you gotta problem now's the time to speak up Because I'm blowing up I'm never gonna stop

Just let me go, I'm on my own, a rolling stone and I'm in the zone Don't let me fall just let me know when we'll make it through No matter what the price may be, for clarity I'll make it home Just let me go, I'm on my own, a rolling stone

I spit the fire and I'm killin' the track
Ambitious from how many knifes are stabbed in my back
And if you think you know me then you're probably wrong
I spill my heart and soul so lock and load and keep bringin' it on

I got an anger that runs deep in my blood And I'm always stayin' true reppin the city I'm from And if you gotta problem now's the time to speak up Cause I'm blowing up, I'm never gonna stop

Just let me go, I'm on my own, a rolling stone and I'm in the zone Don't let me fall, just let me know when we'll make it through No matter what the price may be, for clarity I'll make it home Just let me go, I'm on my own, a rolling stone

Just let me go, on my own again, a rolling stone, I'm in the zone, yeah

Just let me go, I'm on my own, a rolling stone and I'm in the zone Don't let me fall, just let me know when we'll make it through No matter what the price may be, for clarity I'll make it home Just let me go, I'm on my own, a rolling stone
