## Falling in Reverse

A drop in the ocean  
A crack in the sky  
Is setting the notion  
We're all gonna die  
And you're always running  
With nowhere to go  
You're living for nothing  
But dying to know

That we're all terrified

I don't wanna be a superhero  
Cause I can't save the world  
So I'm never gonna get the girl  
I just wanna do better  
Superhero  
Cause I can't save myself  
Much less somebody else  
So I gotta do better  
So I gotta do better

You're caught in a cycle  
You'll never get out  
Afraid of your shadow  
And living in doubt  
But this isn't over  
It's only begun  
And there is no honor  
In giving it all up

I don't wanna be a superhero  
Cause I can't save the world  
So I'm never gonna get the girl  
I just wanna do better  
Superhero  
Cause I can't save myself  
Much less somebody else  
So I gotta do better  
So I gotta do better

I don't wanna be a superhero  
Cause I can't save the world  
So I'm never gonna get the girl  
I just wanna do better  
Superhero  
Cause I can't save myself  
Much less somebody else  
So I gotta do better  
Superhero  
So I gotta do better
