

The Climb

Falling Up

Float by open windows
It was down below the sea
Don't tell anyone, that I was lost

Spells and blurry visions
Calling out to me
Don't tell anyone, that he is gone

Cause he wasn't terrified
He's moving back into the shadows of the walls

Lines in neon shivers
Cross adjacent planes
We walk everywhere, time slows down

Broken body shaking
cold and purple lips
We can do everything
