Such fluorescent, you must wonder how I sleep Shaking spells end as the cuts lined up my knees

I guess I'm weightless as I tape my eyelids up But now I wonder that I may have ran too far

Watch me float by A bending arched and sweeping sight Play it backwards Swear you'll see me misty-eyed

Far

If there's complications Pull the plug out, pull the plug out If there's complications Pull the plug out, pull the plug out

Far
