

Hold Your Horses

Fallulah

Hold your horses, they will run away
if you turn your back to them
Don't look away
Hold your horses near

Run away like a child
Run away like a child
Run away, run and hide
Run with horses by your side

Hang on, high speed
It's a different place
But my feeling they repeat
New ground, same feet
Only for a while
Only stay a while

Run away like a child
Run away like a child
Run away, run and hide
Run with horses by your side
