

The Black Cat Neighbourhood

Fallulah

The black cat neighbourhood
Licking, licking on the street
Licking, licking on the street
You know you're not inviteed

Tidbits, tidbits are all you get
Tidbits, tidbits are all you get
You go to sleep unlighted

Soft coat, light stroke
Sharp teeth, you bleed
If you don't succeed in becoming
part of the neighbourhood
The black cat neighbourhood

Somewhere, they stare
Tu n'est pas mon frere
If you don't succeed in becoming
part of the neighbourhood

The black cat neighbourhood
you know you're not invited
