

# Even A Ghost Has A Sanctuary

## Famous Last Words

What have you done?!

Alone in the dark, I walk into your bedroom

The blood and the knife, that you used to condemn him to his tomb

This Darkness has  
overcome your common sense  
Be honest  
Impulsive actions made a mess  
This Darkness!  
Like a fire burning red  
So vicious  
A heartless monster not a man

How could you call me a fucking monster?! (A Monster?!)

After everything that I've done for you!

Baby don't scream  
you know I did this all for you and me  
now just say you forgive me, and that you are happy  
You're driving me crazy, you've driven me crazy!  
Bitch don't scream  
You know I did this all for me  
now just fucking forgive me, you better be happy  
You're driving me crazy, you've driven me crazy!

This Darkness has  
overcome your common sense  
Be honest  
Impulsive actions made a mess  
This Darkness!  
Like a fire burning red  
So vicious  
A heartless monster not a man

Now just close your eyes  
Stop and listen to what you're saying!  
Never say goodbye  
You're scaring me!  
Innocence will die  
What have you done to my friend, you are not him?!  
This face is my disguise!  
You're scaring me!

Don't lose your head keep your smile  
Pull it together just for a while  
My darling don't let go at all  
not ever no!  
Don't be afraid open your eyes  
you may be in for a surprise  
the light is closer then it may seem.

You will never leave me  
you will never be with anyone else

This darkness is hallow, your pride you will swallow it whole  
or it will be the end of you!

So bite your tongue, you will stay strong  
or a lifeless, worthless, corpse you will become  
one kiss, be forever my mistress!
