

# Legends And Legacies

## Famous Last Words

Well welcome in  
to my home, it's your grave, a stage to set my sins  
and I will win  
you can tell by the grin on my face as the knife digs in

This is all part of my master plan  
this is my justice served. Fight back just as hard as you can  
this night reveals the man I really am!  
a shade of red stained on my hands  
I strike again  
I swing and I stab as the blade sinks deeper within  
This night reveals the man I really am!  
A Prisoner set on death row, now his sentence begins!

Scream I want to stay (STAY) alive (ALIVE)  
Looks like I'll disappoint this time  
You see (YOU SEE) You're dead (YOU'RE DEAD)  
To me  
You're fucking dead to me!  
And you cry please (PLEASE) enough (ENOUGH)  
This town ain't big enough for the both of us  
You see (YOU SEE) You're dead (YOU'RE DEAD)  
To me  
You're fucking dead to me!

A virus, a fucking parasite  
a disease of society, he'll never make it through the night (make it through  
the night!)  
Cold hearted, he'll fall far from the light  
in the end it will only be me  
he won't make it through the night!

As my knife releases your soul, I finally lose control  
look out below  
the flames of hell, will swallow him up whole  
his blood it quickly drains, I tell him one last time...

Scream I want to stay (STAY) alive (ALIVE)  
Looks like I'll disappoint this time  
You see (YOU SEE) You're dead (YOU'RE DEAD)  
To me  
You're fucking dead to me!  
And you cry please (PLEASE) enough (ENOUGH)  
This town ain't big enough for the both of us  
You see (YOU SEE) You're dead (YOU'RE DEAD)  
To me  
You're fucking dead to me!

Your death it, it was her love  
I knew you'd, you'd be the one I'd have to cut up  
my enemy you won't rest in peace  
your last mistake was fucking with me

Scream I want to stay (STAY) alive (ALIVE)  
Looks like I'll disappoint this time  
You see (YOU SEE) You're dead (YOU'RE DEAD)  
To me

You're fucking dead to me!  
And you cry please (PLEASE) enough (ENOUGH)  
This town ain't big enough for the both of us  
You see (YOU SEE) You're dead (YOU'RE DEAD)  
To me  
You're fucking dead to me!

Horror!  
He will fall from the light  
(Reborn in)  
Horror!  
It serves him fucking right!  
Burn!
