

# A Voice In The Dark

Fancy

Dancing in the moonlight  
Heartaches to caress  
Win or lose  
It doesn't make much odds

Shadows fight shadow fade  
It is time not too late  
For wakeing  
From a dream  
Night must be our daily bread  
Or never what they seem

A voice in the dark  
Knowing a better kind of love  
A voice like a spark  
Careless whisper  
Of a dove  
Secrets told  
New and old  
Mysteries unfold  
Feel in the night  
Voices in the dark  
Bringing the light  
Voices in the dark

Crying in the moonlight  
Dying planet's way  
Where are those who used to show  
The way  
Shadows fight shadow fade  
It is time not too late  
For wakeing  
From a dream  
Night must be our daily bread  
Or never what they seem
