

Come Back And Break My Heart

Fancy

Come back and break my heart Oh baby make me feel Make me feel
that we'll never part

I love you Come back at twilight time My body and my soul And m
y soul will love you forever

Rap: I just closed my eyes and forgot to show I didn't see a th
ing when you let me go

You walked out my life, not a word good bye Didn't take a long
time for the love to die

I miss you girl; you know you're the toast Your mind and your b
ody's what I miss the most

You know I need you here because I'm falling apart So come on b
ack girl and break my heart

Two weeks are gone; and I wonder why You had to find water when
the well was dry

What I gotta do baby, what's the way To make you come back and
make you stay

(Cause) since you been gone my life's a mess (I) don't have a l
ot of fun girl I must confess

Tell me what to do or where to start Come back to me, come on r
eplay my heart
