

Get Your Kicks

Fancy

Get your kicks in the way it fits
Get your kicks
Get your kicks in the way it fits
Get your kicks

I feel dances, take your chances
Sweet and tender, love defender
Warm emotion, praise devotion
Wild romances, take your chances

Wake up in the morning
Your sleepy head is yawnin'
Think of yesterday
Hmm, you felt so alone

Someone here beside you
The perfume is divine, you
You can call me up,
Hmm, honey I'll be at home

REFRAIN:

Let's go mad now
I'm waiting for you
Don't get sad now
Come and get your kicks

Let's go mad now
I'm waiting for you
Let's go make it downtown
Get your, get your kicks

Sweet and tender, love defender
Warm emotion, praise devotion

Let's go mad now
I'm waiting for you
Don't get sad now
Come on get your kicks

Let's go mad now
I'm waiting for you
Let's go make it downtown
Get your, get your kicks

Get your kicks
Get your kicks the way it fits
Get your kicks
Get your kicks the way it fits
Get your kicks

Last time you were saying
And I'm the game you're playing
You're an open book
Hmm, you got nothing to hide

You're no body's business
And I can be your witness

When I put you down
Hmm, but you still got your pride

Lets go mad now
I'm waiting for you
Don't get sad now
Come on get your kicks

Let's go mad now
I'm waiting for you
Let's go make it downtown
Get your, get your kicks

Let's go mad now
I'm waiting for you
Don't get sad now
Come on get your kicks

Let's go mad now
I'm waiting for you
Let's go make it downtown
We'll show the, how to get down

Get your kicks
Get your kicks the way it fits
Get your kicks
Get your kicks the way it fits
Get your kicks

Let's go mad now
I'm waiting for you
Don't get sad now
Come on get your kicks

Let's go mad now
