

# Stay Up

Fantasia

Ooh, ooh  
There's just too many, too many, too many  
Unhappy people, yeah  
We're afraid of dying, too scared to live  
Life can be lethal

No matter how hard we try, we try  
We're stuck in the middle  
All of my people

Stay up, stay up, stay up  
No matter what's going down, down, down, down  
Stay up, stay up, stay up  
No matter what's going down, down, down, down

We under, we under, we under  
Under the pressure  
We pretend and paint the picture  
To keep it together

No matter how hard we try, we try  
We're stuck in the middle  
All of my people

So stay up, stay up, stay up  
No matter what's going down, down, down, down  
Stay up, stay up, stay up  
No matter what's going down, down, down, down

No gravity  
Can hold me down  
Stay up, stay up, stay up  
No gravity  
Can hold me down  
Stay up, stay up, stay up, stay up  
Stay up, stay up, stay up

Stay up, stay up, stay up  
No matter what's going down, down, down, down  
Stay up, stay up, stay up  
No matter what's going down, down, down, down  
Stay up, stay up, stay up  
No matter what's going down, down, down, down  
Stay up, stay up, stay up  
No matter what's going down, down, down, down

You've got to stay, stay  
Please, please, please  
Stay up  
No matter what's going on  
Please, stay up  
No matter how hard you try  
Please, stay, stay  
Stay up, stay up, stay up, stay up  
You got to stay up  
You need to stay up...
