

This that ghetto club R&B  
They heard this before  
Y'all get ready

It ain't everyday when I say who that  
Impressing me is kinda hard but you did that  
You got me curious to see where you at.  
Which you game when I see can you get that  
If so then good news you qualify  
To get something you ain't never had in your life  
A little bit heaven you'll hear the angels singing  
This stuff is so good you'll throw it up and  
Watch it turn in to sunshine

Yup it's like that  
You never had it like this  
If you ever get some of this sunshine.  
Make it rain money all fa my honey  
You'll find nane nother this fire, this hot  
Burning up the block  
Not a nane nother one not a nane nother one  
This good this good the best in the hood.  
Not a nane nother one  
No love like min that can turn into sunshine.

When I say it boy I mean it  
When it come out it brighten up your day boy I promise .  
When you go it down you go along with it  
Gotta stay all night till dawn hope you get it.

Watch the rays from the sun get the money  
I shine so bright that's why you want me  
I know  
The sun make it grow, the sun make it grow, the sun make it grow  
I throw it up (throw it up)  
Watch the rays from the sun get the money  
I shine so bright that's why you want me  
I know  
The sun make it grow, the sun make it grow, the sun make it grow  
You'll throw it up and Watch it turn in to sunshine
