All that you want and all that you need in your life
But I know your ahead of my time

So will you, show me (show me)
All that I should know (show me)
Baby I'm happy to grow (show me ooh ooh)
Anything else, that you didn't show me (show me)

Teach me how to love you
Show me, I'm willin' to learn
Followin' every instruction
I'll be ya scholar when your done oh
Teach me whatcha need
Cause I'm ready to learn

Ain't nothing better, no
