

To The Heavens

Fantasia

We stand on the shoulders of legends and heroes and stars
Shout out to MJ and Whitney 'cause they made us who we are.
This is a moment, a journey, we refuse to be denied,
Raise out hands to the heavens, if you feel it in the night.

Raise your hands to the heavens, to the heavens.
Raise your hands to the heavens, to the heavens.
Put them up now. Yeah, yeah, yeah
Put them up now. Yeah, yeah, yeah.

We stand on the shoulders of greatness once who made dreams come alive
Shout out to Marley and Hendrix 'cause they taught us how to shine.
This is a movement, it's a journey, we refuse to be denied.
Raise your hands to the heavens, if you feelin' in the night.

Raise your hands to the heavens, to the heavens.
Raise your hands to the heavens, to the heavens.
Put them up now. Yeah, yeah, yeah
Put them up now. Yeah, yeah, yeah.

Let the red cuts speak for us
So they know what we have done,
We are fearless, we are crazy, we are brilliant, we are one
Let them judge us if they want,
But we've got love on our side.
Crying out to the heavens
Let our voice glide through the sky.

Raise your hands to the heavens, to the heavens.
Raise your hands to the heavens, to the heavens.
Put them up now. Yeah, yeah, yeah
Put them up now. Yeah, yeah, yeah.
Put them up now. Yeah, yeah, yeah.
Put them up now. Yeah, yeah, yeah.

We stand on the shoulders of legends and heroes and stars
Shout out to MJ and Whitney 'cause they made us who we are
