I put your picture on my mirror,
Start to blush when somebody says your name
In my stomach there's a pain
See you walk in my direction I go the other way
I start to stutter when I speak
Try to stand but my knees go weak
What happening to me in the dark can you tell me what it means
I lay my head on my pillow
Staring out the window
Wish on a star for a sign
It's the reason why

You're always on my mind
When you come around, I'm shy
When I see you, when I see you
Never know when you might walk by
So I gotta be right on time
When I see you, when I see you

I scribble X and O's in my notebook
Checking how my hair and nails look
I feel my self in the zone
I get nervous when you call
So I say I'm not home
I see your face when I here my favorite song
Should I send an email at home?
You're the number one topic on the phone
I wonder if you know, or do you have a clue?
I lay my head on the pillow
Staring out the window
Wish on a star for a sign
What's the reason why

Something now is taking over me
Yeah, yeah, yeah, yeah, yeah
I'm not going to run now, just go to stand here, yeah
Oh
Yeah
