

# If I Die Tomorrow

## Far East Movement

If I die tomorrow  
That means we have the night of our lives  
If tomorrow  
Never comes  
Then tonight we lose control  
If I die tomorrow  
That means we have the night of our lives  
If tomorrow  
Never comes  
Then tonight we lose control

Shake that jello, this your jam, yeah  
This that flavor for your pants  
Drop that top and bump that trump  
Hands up let me see you dance  
Kill that bottle let's get nice  
Dead that clock it's about that time  
Pop that roll last all night  
Hit that run and don't think twice  
Say aah  
Let me see you break your back  
Girl go crazy  
And if you got that super bad  
Girl, girl damn that's crazy  
The way you throw that in my lap  
Yeah, uh, you so crazy  
And if you ain't got time to act  
Double time girl shake it fast

If I die tomorrow  
That means we have the night of our lives  
If tomorrow  
Never comes  
Then tonight we lose control  
If I die tomorrow  
That means we have the night of our lives  
If tomorrow  
Never comes  
Then tonight we lose control  
We can lose control  
Then we can lose control  
Then we can lose control

Check it out y'all  
Two times two is deja-vu  
Me plus them is two live crew  
Baby got moves I love my boo  
I said I love my boo  
But that's not you  
Let's go ham, this your chance  
Lose your mind, or lose your pants  
Three shots, four shots now I can't dance  
Five more shots now I can't stand  
Say aah  
Let me hear you scrape the ground girl  
Go crazy  
You here to do more than dance

Girl damn that's crazy  
Now let me hear you let it out  
Yeah, you so crazy  
Yo turned around girl take a bow  
Spread it out I'm a brush it down

If I die tomorrow  
That means we have the night of our lives  
If tomorrow  
Never comes  
Than tonight we lose control  
If I die tomorrow  
That means we have the night of our lives  
If tomorrow  
Never comes  
Then tonight we lose control  
We can lose control  
Then we can lose control  
Then we can lose control

I came alone  
If I ain't got you with me I ain't going home  
Let me introduce you to the path of wrong  
Hands in the air  
Catch me I'm I'm I'm  
Catch me I'm thrown  
We can lose control  
Then we can lose control  
If I die tomorrow (If I die)  
That means we have the night of our lives  
If tomorrow  
Never comes  
Then tonight we lose control
