

Round Round

Far East Movement

We go round, round, round, round

Everywhere that I go.
people know me by the way I flow
I keep it moving in the right direction
And everyday you know
that's how I'm living
It's alright

Round round, get around, I get around (it's alright)
Downtown boogie down, I get around (it's alright)
Round round, get around, I get around (it's alright)
Downtown boogie down, I get around

Round where we go
where we looking for hoes
We line up and knock 'em down
it's like tic tac toe
We on a roll spitting flows
every day of the week
We might not got alotta dough
but we get paid by the freak
We move it east different cities,
different girls, different titties
and we get 'em by the dozens
call 'em "groupie committees"
We getting busy like Bo
all up in college domes
If you ain't takin' us home
then you can leave us alone

Everywhere that I go,
people know me by the way I flow
I keep it moving in the right direction
And everyday you know
that's how I'm living
It's alright

Round round, get around, I get around (It's alright)
Downtown boogie down, I get around (It's alright)
Round round, get around, I get around

We go round, round, round, round

Two kids at the Usher show
digging for change
Saving up to buy an aeroplane
to take us away
My crew has been around the block
so all the girls know my name
Plus my milk money is s-s-sour way past the date
So if you know where we can grow
a pound of dope we could roll
Rock a show in Tokyo and kick a foot Ohio
Put the O in Oreos, we owe the power of soul
Round and round we go
but where we stop, nobody knows

It's alright
Round, round, get around, I get around (It's alright)
Downtown, boogie down I get around (It's alright)
Round, round, get around, I get around (It's alright)
Downtown, boogie down, I get around

Yo, come and get it come and check it
see what we got
We about to set it
bout the record making you hop
Out ya shoes out ya socks
getting hot off the pot
So stay in tune please don't move
and keep the station on lock
'Cause we fly around the room
so hold it down while we gone
Haven't been home in a minute
and my head's getting low
I'll be back but gone tomorrow
with the wind in the blows
I'm going to rock the microphone
'til I'm a hundred years old

Everywhere that I go,
people know me by the way I flow
I keep it moving in the right direction
and everyday you know
that's how I'm living
It's alright

Round round, get around, I get around (It's alright)
Downtown boogie down, I get around (It's alright)
Round round, get around, I get around

We go round, round, round, round

It's alright (It's alright)
It's alright (It's alright)
It's alright (It's alright)
It's alright (It's alright)
