

She Owns the Night

Far East Movement

Dancin' like there's no one else in the room,
Try that dance for two,
Cuz after dark it's like she's someone else.

Hey girl, (Mo-Mo-Mohombi)
It's not a question if you're sexy,
The only question is,
Watchu know about these stereotypes?
FM, come on.

So innocent you can tell by the clothes,
College girl with a 4.0,
Good girl by day,
Damn, who would have known?

But when the lights go, lights go down,
And she's out on the floor,
The freak comes out and she loses control,
The way she move got me beggin' for more.

She's dancin' like there's no one else in the room,
Try that dance for two,
Cuz after dark it's like she's someone else.

She owns the night,
She owns the night,
She owns the night,
She owns the night,
She owns the night,
I'm talkin' to you...and you.

She owns the night,
She owns the night,
She owns the night,
She owns the night,
She owns the night,
I'm talkin' to you...and you.

Yeah, yeah, yeah,
Shawty like it when the bass vibrate the speakers,
Her body's hypnotic,
Fella's all wanna meet her,
Can't leave without saying goodbye to you angel face,
(Wait)
Fly me home under your wings baby,
Wings baby,
Wings bay-bay.

We can go back to my crib,
First time I'll blindfold you,
You can't know where I live,
I'm kidding girl,
It's your world I'm livin' in,
Me, I'm just visitin',
Why don't you put on a show for me baby, eh, eh.

She's dancin' like there's no one else in the room,

Try that dance for two,
Cuz after dark it's like she's someone else,

She owns the night,
She owns the night,
She owns the night,
She owns the night,
She owns the night,
I'm talkin' to you...and you.

She owns the night,
She owns the night,
She owns the night,
She owns the night,
She owns the night,
I'm talkin' to you...and you.

She owns the night,
The night is hers,
Make reservations,
To view them curves,
She speaks that body language,
Ain't gotta say a word,
All eyes on her.

She owns the night,
She owns the night,
She owns the night,
She owns the night,
She owns the night,
I'm talkin' to you...and you.

She owns the night,
She owns the night,
She owns the night,
She owns the night,
She owns the night,
I'm talkin' to you...and you.
