

## She Goes To Finos

Farben Lehre

Every night I know that she goes to Finos,  
And every night I know that she sees him,  
Every night she holds him tight at Finos,  
And every night it's all right for him...

And she goes... La la la la la la la to Finos,  
Yes she goes... La la la la la la la with him,  
And she goes... La la la la la la la to Finos,  
Yes she goes... La la la la la la la...

Every night I try to get into Finos,  
And every night they just won't let me in,  
And every night I watch him meet her at Finos,  
And every night it's all right for him...

And she goes... La la la la la la la to Finos,  
Yes she goes... La la la la la la la with him,  
And she goes... La la la la la la la to Finos,  
Yes she goes... La la la la la la la...

One of these nights I'm gonna get into Finos,  
And one of this nights I'm gonna make her see me,  
And every night I'm gonna get into Finos,  
And every night will be all right for me...

And she goes... La la la la la la la to Finos,  
Yes she goes... La la la la la la la with him,  
And she goes... La la la la la la la to Finos,  
Yes she goes... La la la la la la la...
