

# End Of All Days

Farmer Boys

Build a house on sand  
And watch it sink  
Into the ocean blue  
Build a house of cards  
And watch the wind blow through

Play a grown-up game  
With grown-up names  
And plastic surgery  
Build a house on sand  
And watch it disappear

All the plans you made  
And prayers you prayed  
Are lost in yesterday

This is the end  
The end of all days  
Marking time  
For the very last day

Write a memo in your organizer  
That nothing is for sure  
Mark your calendar  
And strike tomorrow through

All the plans you made  
And prayers you prayed  
Are lost in yesterday

Cause this is the end  
The end of all days  
Marking time  
For the very last day

This is the end  
The end of all days  
Marking time  
For the very last day

It's the end of all days...
