

Alone With You

Faron Young

How I'd love to be around you
When the lonely night surrounds you
How I'd love to be alone with you

What I'd give to have the power
To read your mind one hour
How I'd love to be alone with you.

Just to be with you one night
You and me alone
Kiss your lips and hold you tight
Have you for my own.

This would be a joy unending
Could be a real beginning
How I'd love to be alone with you.

How I'd love to be around you
When the lonely night surrounds you
How I'd love to be alone with you.

If I only knew for certain
I'd cut out all my flirtin'
How I'd love to be alone with you.

Just to be with you one night
You and me alone
Kiss your lips and hold you tight
Have you for my own.

Won't you try to be my baby
Just for once and then well maybe
I could always be alone with you.

Won't you try to be my baby
Just for once and then well maybe
I could always be alone with you.
and I could always be alone with you...
