

## Alone With You

Faron Young

How I'd love to be around you  
When the lonely night surrounds you  
How I'd love to be alone with you

What I'd give to have the power  
To read your mind one hour  
How I'd love to be alone with you.

Just to be with you one night  
You and me alone  
Kiss your lips and hold you tight  
Have you for my own.

This would be a joy unending  
Could be a real beginning  
How I'd love to be alone with you.

How I'd love to be around you  
When the lonely night surrounds you  
How I'd love to be alone with you.

If I only knew for certain  
I'd cut out all my flirtin'  
How I'd love to be alone with you.

Just to be with you one night  
You and me alone  
Kiss your lips and hold you tight  
Have you for my own.

Won't you try to be my baby  
Just for once and then well maybe  
I could always be alone with you.

Won't you try to be my baby  
Just for once and then well maybe  
I could always be alone with you.  
and I could always be alone with you...
