

Give A Lonely Heart A Home

Faron Young

Well could that look I see on you mean that you might be lonely
too
Well you don't have to feel so bad you're not the only one that
's sad
Just look at all the hearts in town you're looking for the lost
and found
So someone special just like you might come along and give a lo
nely heart a home
Just give a lonely heart a home one it can call its very own
And you can have true love from this moment on just give a lone
ly heart a home
Well just look close and you might find the saddest heart in to
wn is mine
And should we give true love a try our hearts just might see ey
e to eye
So if you're looking for a way to do your good deed for today
The one thing you could do and not go wrong is give a lonely he
art a home
Just give a lonely heart a home...
And you can have true love from this moment on just give a lone
ly heart a home
