

In The Misty Moonlight

Faron Young

In the misty moonlight by the flickering firelight
Any place is all right long as I'm with you
In a faraway land by the trophic sea sand
If your hand's in my hand I won't be blue

A way up on the mountain a way down in the valley
I know I'll be happy anyplace anywhere I don't care
In the misty moonlight by the flickering firelight
Any place is all right long as you are there

I could be happy in one little room with only a table and a chair
As happy as I'd be in a kingdom by the sea darling if you were only there
And I could be rich or I could be poor in fact if you were by my side
I could be anything in this whole wide world I know I'll be satisfied

A way up on the mountain...
In the misty moonlight by the flickering firelight
Any place is all right long as you are there
