

Out Of My Heart

Faron Young

(Out of my heart out of my heart)
You tell me you're leaving well why don't you go
Could it be that your heart keeps telling you no
The door is wide open but be sure when you start
When you walk out that door you walk out of my heart
Why are you waiting you said we were through
Could it be that you need me the way I need you
Walk slowly my darling think it over be smart
When you walk out that door you walk out of my heart
Why are you waiting...
