## This Is It

**Faron Young** 

Well this is it that day is here The day I knew would come when you would leave me dear Well here I sit while teardrops fall And wonder why I care when you don't care at all

But I'm a fool that way from a way back when A fool who take you back if you would come back again But this is it you're gone you're free You'll find another love but this is it for me

Well this is it that day is here it's no surprising yet I can't hold back the tears Well here I sit and try to guess how such an empty room's so fu ll of loneliness

Well even the clock has stopped somehow I guess you knew That time's run out from me it's over it's all through Yes this is it you're gone you're free You'll find another love but this is it for me
