

You're Right (but I Wish You Were Wrong)

Faron Young

If you think I'm gonna cry because you said goodbye
You're right but I wish you were wrong
If you think I'll dream of you and wish that you'd been true
You're right but I wish you were wrong

There's no used in pretending that my love isn't true
If you were blind you still could see how much I care for you
If you think there'll never be another love for me
You're right but I wish you were wrong

If you think I'm gonna cry...
I should have known right from the start your love was not for me
If I'd had just gone on my way my heart might still be free
If you think I'm gonna pray that you'll come back some day
You're right but I wish you were wrong
