

Older Babes

Fast Food Orchestra

Oh brotha Kary I know you don't thing so
But the older babes are more than gold
When she's nice I can't resist anytime
To the younger I just have to say goodbye

She gets me everytime no matter how I try
She gets me everytime no matter how I try

Older babes you're gonna love them and search them all your lif
e
Older babes everybody knows that they're so nice

She's my lady, she's my sweet mellow queen
She,s got the skills and you know what I mean
She's hot, she is all I need
She is like the air I breathe

Love gets me everytime no matter how I try
Love gets me everytime no matter how I try

My lady always comes and makes me long
And she makes me sure where I belong
She is really bold and she is really strong
For her I'll always sing this song

Older babes you're gonna love them and search them all your lif
e
Older babes everybody knows that they're so nice
