

Tristeza

Fast Food Orchestra

I'm so tired and I am lost in my everyday considerations
I gaze around and I'm affraid I will never find
Someone who's gonna feed my soul
All admirers have been refused I'm just looking for
Final destination but sorry you're not the one baby
You're not gonna feed my soul
Don't wait for me "Porra" it's not your fault baby
But I gotta go...you're not gonna feed my soul
Don't wait for "Porra" it's not your fault baby
But I gotta go...you're not gonna feed my soul
You're not gonna be friend of mine
You're just wasting your time, just wasting your time
Oh baby I'm too rough but you're not good enough
You're not good enough

Lalalalalalalalalalala tristeza nao te quero
Lalalalalalalalalalala vai simbora nao te quero

I'm so sad and agonized by love in my everyday lonely feelings
I wish to leave it all behind, yeah it would be a crime 'cause I
will survive
I just need to take it slow and all my tears and sorrow will le
ave me tomorrow
But sorry I'm not the one baby, I'm not gonna feed your soul
Don't wait for me "Porra" it's not my fault baby
But I gotta go...you're not gonna feed my soul

Sadness is all around
All I need is friend I'm the lonely one
Porra you don't belong to me
Porra how to change this destiny
I just want to ask-now
Tell me how to win you-heart
Now I don't want to hear-ciao
Don't wanna to see the tears in your eyes

Again and again and again I tell you dat again
You're out of the game
Game bloody game, bloody game bloody game ahhhhh
I don't know why tristeza always walks around
You and me life's pitfall
Fear crawls like a shadow on the wall
Lalalalala...and my heart always fall apart
You can see but it's hard to say
What you feel when your love turns gray
