

Better Than It Was

Fastball

Once I had it all planned out
My dirty fingers moved about
To make a mess of everything around me
I don't claim to know my way
I still run in circles everyday
Running around half blind
Life can be unkind
But it's better than it was
It's better than it was
I complain very little because
It's better than it was

I get to remembering
We had a lot more money then
To make a mess of everything around us
Now the money comes and goes a bit faster
Then my confidence grows
Everybody knows
There ain't nothing new about money woes

But it's better than it was
It's better than it was
It's better than it was
It's better than we ever could have
Wished it to before
It was bad a while ago
Better this I know

It's better than it was
Better than it was
I complain very little because
It's better than it was

Better than it was
